Play movies, music (e.g. MP3's) and photos on your TV

With this compact Harddisk to TV/Media player you have 2 devices in one. Movies, photos and music can be played on your TV in the living room, bedroom, hotel room etc. Just connect the device to the TV and the player runs standalone without computer. The hard disk can also be used as backup device or to enlarge the Hard disk capacity of your computer. With the Hard disk player you will find a remote control included for easy control during watching movies and photos or listening to music.
